

Client:

Could you make it to where a user could comment on a social post that I post on my social media site that I created through wix called SeriesFyed?
SeriesFyed.Com

Me:

Hi sure i can but can you specify that you want your social feed on website so that people can comment on your posts or you want to post in your website ?

Client:

A social feed that allows someone to comment on my posts.

Me:

ok sure i can do that for you

Client:

Sounds good

Me:

how many social media platforms you want to integrate and where do you want that feed ? guide me through picture or screenshot of website

Client :

I'll get back to you on that.

Me:

Ok

Client :

Sorry, could you make a test dummy page and/or a test dummy dynamic page for this?
